SUMMARY

Computer Science Engineering final-year student with a strong interest in web development and software engineering. Skilled in building responsive and user-friendly applications using React, JavaScript, and Tailwind CSS. Eager to contribute to real-world projects by developing efficient, scalable, and clean solutions. Interested in exploring cloud technologies and understanding how modern applications are deployed and managed. Also keen on learning digital marketing strategies to build market-aware and user-focused products. Currently seeking entry-level opportunities to apply my skills, grow professionally, and contribute to impactful software solutions.

SKILLS

- **Languages:** Java (Core/Adv), C++, Python, HTML5, CSS3, JavaScript (ES6+), Android Development.
- **Frameworks:** React.js, Node.js, Express.js, NumPy, Pandas, TensorFlow, Keras, Streamlit, Tailwind CSS, MySQL, MongoDB.
- **Cloud:** Azure, AWS (EC2, S3, EBS), Vercel, Git, GitHub.
- **Tools & Concepts:** Power BI, Figma, OpenCV, Digital Marketing Fundamentals, Financial Modeling.

EDUCATION

- Vellore Institute of Technology (VIT), Bhopal** | July 2027
B.Tech in Computer Science and Engineering (CGPA: 8.84)
- Pace Junior Science College, Thane** | June 2023
HSC (79%)
- Poddar Brio International School, Badlapur** | May 2021
CBSE Class 10th (88.4%)

PROJECTS

Crop Detection System | ML & CNN

- Developed a CNN model via **TensorFlow/Keras** and **OpenCV** for plant disease classification.
- Integrated **Streamlit** for the UI and **Requests** API for real-time environmental risk analysis.

Personal Portfolio Website | MERN & Tailwind

- Built a responsive UI using **React** and **Framer Motion**; deployed via **Vercel** for high availability.
- Optimized layout for SEO and digital presence, showcasing engineering projects and certifications.

Hotel Booking System | Full-Stack Java

- Engineered backend services using **Java** and **Spring Boot** with **MySQL** for secure transactions.
- Focused on secure room reservation logic and efficient database indexing for fast search results.

CERTIFICATIONS

- **MERN Full Stack Certification (Ethnus):** Advanced training in MongoDB, Express, React, and Node.js.
- **The Bits and Bytes of Computer Networking (Google):** Comprehensive study of TCP/IP and OSI layers.
- **Azure Data Fundamentals (Microsoft):** Validated expertise in core data concepts and cloud services.
- **Introduction to Machine Learning (NPTEL):** Elite certification; focused on PCA and statistical modeling.
- **Fundamentals of Digital Marketing (Google):** Strategy for online presence and business growth analytics.

EXTRA-CURRICULAR ACTIVITIES

- **Industry Exposure (Hyderabad):** Participated in a strategic company visit to **T-Hub** and attended a technical prototyping workshop at **T-Works**.
- **Social Lead, Techno Mech Club:** Spearheaded community outreach and technical event coordination within the college.
- **Arduino & Robotics Workshop:** Completed intensive hands-on technical training in Pune.
